Reviewer's report:

Dear HRH editorial team,

I had some difficulties accessing the website and submit my comments. Therefore I would like to submit my report by e-mail.

I reviewed the revised article 'A systematic review of task-shifting for HIV treatment and care in Africa'. I am pleased with the revision and suggest accepting the article without further revisions. This is an article of importance in its field.

The article is well written and acceptable as is.

The article does not need to be seen by a statistician.

I declare that I have no competing interests.

Best wishes, Erik
